Environmental Handling Fees (EHFs) Product Clarification Guide: What you need to know

What is the product clarification guide? Why do I need it?

This guide is intended to assist members in identifying program products and the associated EHFs for the Call2Recycle Canada E-Bike stewardship program for British Columbia (BC).

When were EHFs rolled out?

January 2023: EHFs applied to Electric Bicycles (E-Bikes) including the battery.

What's new in this version?

The February 2024 (version 1) product guide introduces EHFs for E-Bikes.

Who do I contact with questions?

For questions, help navigating the product clarification guide, or fee assessments regarding individual product SKUs, please email <u>ehf@call2recycle.ca</u>.

Product Clarification Guide Notes

- 1. Members must assess products against the definitions of each obligated product or sub-category of products to determine the applicability and appropriate EHF and may consult program staff for assistance in clarification where required.
- 2. The list of Product Definitions and Clarifications may be revised periodically by the program.

1

Products	Description	EHF by Province
		BC
ELECTRIC BICYCLES (E-Bikes)	 Category Definition: A bicycle style transportation device with an integrated or removeable rechargeable battery, typically lithium ion, powering an electric motor. Drive system can either be activated by pedaling or by a throttle such as a grip-twist, trigger or button. Excluded: Mopeds, motorcycles, ATVs, dirt bikes, motorized mobility chairs having 3 or 4 wheels, go carts, and golf carts. 	\$10.00
